# MIND!

We are going to learn Spanish IN Spanish. Just as you learned your mother tongue:

Tolox.

By struggling in it, as a frustrated toddler.

By not having Any Other Option.

And everyone loving you for it.

An EXPERIENCE

"People think that I've got a gift for languages, because I'm fluent in 5. No...

## About Ben

I found that having **NO OPTION** (being surrounded by that language) + **HAPPINESS** in that language, are the 2 pillars of fast language learning. Months, not years.

What you make fun and fascinating, is what you will assimilate in No Time".

**1 to max. 8 participants**

Start at 10 AM, end 6 PM.

Costs of lunch and drinks in the village not included.
